

THE SATURNIAN CODE OF LAWS

Established by Bill 1 – 18 September 2026 – Maintained by the Speaker of the Senate

Part I – Offenses

§1 Treason

A person commits treason if they:

- (a) Share information with any person not permitted to have it, where that information is understood by common knowledge among Saturnians to be confidential; or
- (b) Grief a Saturn base without the permission of the Secretary of the Interior.

“Grief” means to modify, damage, or destroy a base or its contents, in violation of Section VII of the Constitution.

Penalty: Seizure of all property (Section VII(c)), ineligibility for all tiers of citizenship (Section II), plus any additional sentence assigned by the Speaker under Section V(b).

§2 Perjury

Knowingly giving false testimony during a trial, or knowingly filing a false trial request. Includes lying as a witness and submitting fabricated evidence.

Penalty: Per §5.

§3 Contempt of Court

Disrupting trial proceedings, refusing to follow the orders of the Senator overseeing the trial, or otherwise obstructing the procedures of Section V.

Penalty: Per §5.

§4 Election Fraud

Bribing or intimidating a voter, tampering with ballots or vote counts, voting when ineligible, or voting more than permitted. Enforces the guarantee in Section III that elections remain free and fair.

Penalty: Per §5.

§11 Doxxing

A person commits doxxing if they share, post, or otherwise distribute another person's personal information without that person's permission.

"Personal information" means any information that identifies, or could reasonably be used to identify or locate, a person outside of the game, including but not limited to their real name, home address, phone number, email address, photographs of themselves, school or workplace, IP address, or accounts on other platforms that the person has not publicly linked to their Saturnian identity.

This section does not apply to

(a) information the person has voluntarily made public themselves; or (b) information submitted as evidence in a trial under Section V of the Constitution, provided it is shared only with the parties and officials of that trial and only to the extent necessary.

Penalty: Removal from the Republic of Saturn (§13).

§12 Ratting

A person commits ratting if they knowingly distribute, share, or attempt to get another person to install or run malicious software. "Malicious software" includes, but is not limited to, viruses, remote access trojans (RATs), token loggers, keyloggers, information stealers, and any mod, client, plugin, or file intentionally designed to damage a device or to gain unauthorized access to another person's device, accounts, or data.

An attempt to commit ratting is punished the same as a completed offense.

Penalty: Removal from the Republic of Saturn (§13).

§13 Removal from the Republic of Saturn

Where this Code imposes the penalty of removal from the Republic of Saturn, the convicted person shall:

(a) be removed from all Saturnian Discord servers, bases, and assets within Saturn's Sphere of Influence (Section VI);

(b) be barred by the Speaker of the Senate from all tiers of citizenship under Section II; and

(c) where they hold the Citizen or Honored Citizen title, have that title stripped by the procedure set out in Section II of the Constitution.

Part II – Sentencing

§5 General Sentencing

For offenses other than treason, the Speaker of the Senate shall assign a sentence appropriate to the crime, which may include a warning, temporary suspension of specific citizen rights, temporary exile, or for repeated severe cases, removal from the Republic of Saturn. Sentences shall follow precedent and remain proportionate, consistent with Section V's instruction that the spirit of the law take precedence over its letter.

Part III – Guest Vetting System

Established by Bill 2. Enacted under the Secretary of the Interior's powers to establish new bases, approve new developments, and approve public works projects (Constitution Section IV(b)), and recorded per Section IV(a).

§6 Definitions

For the purposes of this Part:

- (a) "Guest Base" means a base established or authorized by the Secretary of the Interior under §7 for the vetting and integration of Guests. A Guest Base is a distinct category of base and is not a community base within the meaning of Section II(a). The establishment of Guest Bases does not diminish or condition any Guest's constitutional right of access to community bases.
- (b) "Spawn Logo" means a build depicting the name of the Republic of Saturn as outlined by provided Schematics, constructed by the applicant at or near a server spawn, and verified under §9.
- (c) "Base Manager" means a Guest or Citizen appointed by the Secretary of the Interior to administer a specific Guest Base on the Secretary's behalf.

§7 Establishment of Guest Bases

The Secretary of the Interior may establish or authorize one or more Guest Bases. For each Guest Base, the Secretary shall determine its location, size, and internal rules, consistent with the Constitution and this Code. A Guest Base may be closed or relocated by the Secretary of the Interior at any time.

§8 Base Managers

The Secretary of the Interior may appoint a Base Manager for any Guest Base and may remove a Base Manager at any time, without cause. A Base Manager acts under the delegated authority of, and is accountable to, the Secretary of the Interior. Subject to the Secretary's direction, a Base Manager is responsible for managing the day-to-day operation of the Guest Base, verifying that applicants meet the requirements of §9 and admitting those who qualify, assigning and supervising tasks and projects at the Guest Base, and certifying to the Secretary of the Interior that a Guest has completed a small public works project.

Final approval of a public works project remains with the Secretary of the Interior (Section IV(b)). The Secretary may delegate this approval to a Base Manager in writing; absent such delegation, the Base Manager certifies completion and the Secretary approves.

§9 Guest Base Access Requirements

To apply to join a Guest Base, an applicant must:

- (a) hold the Guest title;
- (b) have held the Guest title for at least seven (7) consecutive days; and
- (c) have constructed at least ten (10) Spawn Logos, as verified by a Base Manager or the Secretary of the Interior.

Consistent with Section II(a), the Speaker of the Senate, the President, or the Secretary of Defense may bar any person from any Guest Base.

§10 Completion of Public Works at Guest Bases

A Guest admitted to a Guest Base may complete a small public works project at that Guest Base. A small public works project completed and approved at a Guest Base counts toward the public works

requirement for advancement to Citizen under Section II(b). This Part provides one available path to completing a small public works project and does not prevent a Guest from completing one by any other lawful means.

Part IV – Amendment History

Bill 1 - Established this Code; created §1-5. Passed 18 September 2026. Proposed by Fulgur, seconded by Ractorix.

Bill 2 - Created Part III (Guest Vetting System); created §6–§10. Established Guest Bases as a distinct base category, created the Base Manager role appointed by the Secretary of the Interior, set Guest Base access requirements (Guest title held ≥ 7 days and ≥ 10 Spawn Logos), and provided for completion of small public works projects at Guest Bases toward citizenship. Passed 19 September 2026. Proposed by Fulgur, seconded by Ractorix.

Bill 3 - Created §11-§13 in Part I. Established the offenses of Doxxing and Ratting, each punishable by removal from the Republic of Saturn, and defined removal from the Republic of Saturn. Passed September 30, 2026, Proposed by Fulgur, seconded by mx.
